Dear Sir:

Re: Stanford Wallace Davis

The above captioned individual is a constituent who applied for a teaching post in physical education with a wish to be posted to Andros. He reports that his application was delayed because his police record was not then in the Ministry's possession. He has had a record of success with our youngsters in Fox Hill and I have been asked by him to see if this matter can be reviewed to his benefit.

Thank you for your attention to this matter.

Yours sincerely,

Fred Mitchell MP
Fox Hill
